**SPECIAL NEEDS**

Should you have a disability, dietary restrictions or other requirements contact the Office of Continuing Medical Education by May 14 to discuss your needs.

**ATTIRE**

Attire for the course is neat casual. Since everyone has a different comfort level, we suggest that you dress in layers or bring a sweater.

The AMC Professional Image Standards Policy is in effect at AMC sponsored education programs. Employees must comply with the AMC Professional Image Standards Policy when attending AMC sponsored educational events.
ABOUT THE COURSE

Changes occur rapidly in the field of HIV medicine. This course is designed to provide practitioners who care for and/or interact with HIV-infected persons with the most up-to-date information available on a variety of HIV/AIDS-related topics. Presentation formats include didactic sessions and interactive case presentations, followed by subsequent question and answer periods.

COURSE OBJECTIVES

After attending the course, participants should be able to:
• Discuss the current standards of care for initial and subsequent treatment of HIV infection.
• Interpret parameters of resistance tests and when resistance testing is indicated.
• Discuss the current standards of care for evaluation and treatment of Hepatitis C for co-infected patients.
• Discuss risk factors for patients with cardiovascular disease.
• Discuss the characteristics of HIV in the older HIV-infected patient.

TARGET AUDIENCE

The symposium will be of interest to physicians, physician assistants, nurse practitioners, registered nurses, pharmacists, social workers, mental health practitioners, and case managers who care for those infected with HIV.
