Learning Outcomes

Upon completion of this conference, participants should:

- Plan effective surgical treatments for thyroid eye disease (TED) related strabismus and diplopia, including adjustable sutures and new surgical techniques.
- Determine how prior laser surgery impacts IOL calculations.
- Appreciate new research for treatment of facial spasms.
- Diagnose orbital blowout fractures in children.
- Discuss different materials and devices used for corneal replacement.
- Appreciate the advantages and disadvantages as well as the clinical results of PresbyLASIK.
- Discuss the treatment options for common as well as unusual external disease cases.
- Be aware of post-operative complications.
- Comprehend potential complications of NSAID therapy.
- Review current treatment options for amblyopia.

Dubins' Memorial Lectureship

The Dubins' lectureship was established in 1983 to honor the late Henry B. Dubins, a caring and generous member of the clinical faculty of the Department of Ophthalmology at the Albany Medical College. Dr. Dubins was a leading figure in the ophthalmology community for more than 30 years, serving as Chief of the Ophthalmology Department at Child's Hospital and President of the Eastern New York Eye, Ear and Throat Society.

This year marks the 27th Annual Dubins' lecture. This year's distinguished Dubins' lecturer is W. Bruce Jackson, MD, FRCSC. Dr. Jackson completed his undergraduate and medical degrees at the University of Western Ontario which was followed by an ophthalmology residency at McGill University, Royal Victoria Hospital in Montreal, Quebec. He did a fellowship in Cornea and External Disease at the Francis I. Proctor Foundation, UCSF, and subsequently joined the faculty at McGill University. In 1986, he became Ophthalmologist-in-Chief at the Royal Victoria Hospital and in 1987, Chairman of the Department of Ophthalmology at McGill, Program Director, and Research Director.

In 1991, Dr Jackson moved to Ottawa to establish the new University of Ottawa Eye Institute, Ottawa General Hospital. He became Chairman of the Department of Ophthalmology at the University at Ottawa and Director General of the Eye Institute until June 30, 2008. He has developed and carried out clinical research in the treatment of myopia, hyperopia, and PresbyLASIK since 1993 and participates in cornea and external disease drug trials with an interest in atopy, lid disease and dry eye.

Dr. Jackson is the recipient of the 2007 Cornea Society Castroviejo Medal Award, the 2006 Ottawa Life Sciences Council Career Achievement Award, and the Senior Achievement Award from the American Academy of Ophthalmology in 2005.

Target Audience

This conference will be of interest to practicing general ophthalmologists, as well as sub-specialists and other ophthalmic health care professionals.

Accreditation

AMA: Albany Medical College is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Albany Medical College designates this educational activity for a maximum of 8 AMA PRA Category 1 Credit(s)[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

AAPA: AAPA accepts Category 1 credit from AOACCME, Prescribed credit from AAFP, and AMA Category 1 CME credit for the PRA from organizations accredited by the ACCME.

Other: Please call the Office of CME at (518) 262-5828 to inquire about other types of professional credit.

Accommodations

A block of overnight rooms at the Desmond Hotel will be available for the evening of June 11 at a group rate of \$154.00 single or double occupancy per night. Please call (518) 869-8100 to make your reservation and mention that you are with the Albany Medical College group (overnight room block code **#11F7Z8**) to secure the special rate. The room block will be released on **May 21**. After this date, space cannot be guaranteed and regular rates will apply.

Gratuity and room tax are additional. Check-In is at 4:00 PM; Check-Out is at 12:00 PM.

Directions to the Desmond Hotel
