Albany Medical College presents

Cardiology
for the
Medical Practitioner

Saturday, October 30, 2010

Hudson Valley Community College
Bulmer Telecommunications Center
80 Vandenburgh Ave.
Troy, New York 12180

Sponsored by Albany Medical College’s Division of Cardiology, the Office of Continuing Medical Education, and the Albany Medical Center Nursing Continuing Education Provider Unit.
Course Description
This year we aim to discuss a broad spectrum of cardiovascular topics; some involving new concepts and some a review of basics. We hope to raise awareness of atypical presentations of cardiovascular disease, review the utility of basic diagnostic tools and discuss new approaches to old problems.

Educational Objectives
At the conclusion of the course, participants should be able to:
- Identify the cardiovascular presentations of obstructive sleep apnea
- Identify presentations of cardiovascular disease which may be unique or more common in women
- Choose appropriate non-invasive testing venues based on patient presentation
- Explain a practical approach to the management of hypertension
- Identify patients who will most benefit from new therapies of the management of survivors of cardiac arrest
- Identify common electrocardiographic abnormalities

Target Audience
The course will benefit all practitioners who treat adult patients, physicians, physician assistants and nurse practitioners, including those working in a hospital setting as well as in primary care. Nurses and medical technical staff will find this program of benefit as well.

Acknowledgement
We gratefully acknowledge and express our sincere appreciation to all those who generously support this educational opportunity. A complete list of contributors will be provided at the conference.

Online Syllabus
In an effort to be environmentally conscious, printed syllabus material will NOT be available at the conference. The syllabus will be available online at least 5 days prior and 5 days after the conference.
