WHY CHOOSE ALBANY MEDICAL CENTER?

- AMC is an academic medical center with a level 1 trauma center, an accredited stroke center, a 125-bed children's hospital, sophisticated Emergency Department and the region's only Pediatric Emergency Department
- Program designed to provide residents with a solid foundation in acute care pharmacy practice while allowing opportunities to individualize learning experiences to the residents' educational needs
- Dedicated preceptors with decades worth of experience
- Rigorous academic program balanced with an emphasis on resident wellness
