*It is anticipated that tuition and student health insurance will increase each academic year. For estimation purposes, the tuition cost for 2026-2027 has been utilized for all three years.

**Technology Allowance – Included in first year budget, allowing all incoming students to use financial aid to cover the purchase of a new computer / device. Since it is included in year 1, it cannot be included in future years, regardless of when the computer is purchased.

***Average Student loan fees of \$2,200 are included in students' budgets to allow students to cover mandatory loan fees in addition to all direct and indirect costs outlined here.

NOTE: Tuition and fee charges estimates are subject to change and or correction without prior notice. Tuition generally increases each academic
